Jean Brusavich, CAMT, is a life-long animal lover whose love of, and connection to, directed Jean towards the healing arts to open **TranquilPET** in 2009.

This direction was sparked in 2006 when Jean's beloved Bailey (then 12), hind legs atrophied during a long recuperative time after surgery. At that time, swimming dogs was a little-known healing art. After a month of swimming three times a week, Bailey began walking again without assistance.

Thus began Jean's journey through pet education in various modalities (swimming, animal massage, Reiki energy healing, Pet First Aid & CPR). From this, Jean has developed a comprehensive holistic pet care business that includes classes and lectures in How to Care for Your Senior Pet, The Importance of Giving Your Pet a Monthly In-Home Check-Up, to name just a few.
