

VETERINARIAN APPROVAL

First and for most, the safety and well-being of your dog(s) is of the highest importance to *TRANQUILPET*. Ensuring that your pet remains safe and well cared for is our first responsibility and as such we take it very seriously.

Therefore, TRANQUILPET requires written vet approval for all senior dogs and/or dogs under veterinary care with a “current” medical condition before massaging and/or swimming your dog(s). Without this written veterinarian approval, TRANQUILPET will not touch your dog(s).
